

News from your Principal 5/7/21:

I hope this E-news finds you having enjoyed family in April and ready for all that May has to offer. A lot has been going on.

Families, students, and teachers have been working hard to finish up this school year in the best ways possible, while preparing for the 2021-22 school year, to create and implement the best learning experiences given the current conditions. Future kindergartners and their parent are invited to our Kindergarten Round-Up next Wednesday, May 12th. Our PTA has been working on purchasing such things as Accelerated Reader for our students next school year while preparing for such events as our Field Day and our Fall Welcome Back get together, among many things. We have students, such as our Landscape Leadership Team, preparing for our upcoming landscape project for our whole learning community. We have been experiencing Wednesday Walk and Talks with Mr. Lincoln to talk and enjoy each other's company. And there is much more happening.

More news and opportunities will be coming soon. Please take a moment to read about this month's Who's Behind the Mask?

Who's Behind the Mask?:

Our first staff member was born and raised in Louisiana. With hard work, she received her bachelor's degree from Louisiana Tech and also her Masters of Arts. She and her husband, Christian, recently purchased a house in the local area and are joined by the family dog. When time allows, she enjoys doing such things as running, dancing, playing flag football, basketball, and softball, as well as baking, and traveling to the beach and Disney. A positive

memory of school when growing up includes enjoying her whole positive education experience, which led her to wanting to be an educator. Who do you believe is behind the mask? If you guessed Megan Case, fourth grade teacher, then you are correct.

Our second staff member was born in the Philippines and grew up in Keyport and then the Lake Tahuya area. He graduated from Klahowya Secondary School and has been married to Jenalyn for 13 years. They are also joined by their children, Jaelyn and James. To go with the local area theme, this person behind the mask's wife and parents also own and operate Island Cuisine in Bremerton. When

time allows, he enjoys tinkering on cars and bicycles, hiking and spending time outdoors in such areas as beaches, lakes, and woods, and enjoys BMX and mountain biking. His positive school memory involves all the positive experiences in school and football that shaped him in such areas

as being kind, courteous, and a team player. He feels he can thrive in school because of teamwork. Who do you believe is behind the mask? If you guessed Ivan Batucan, head custodian, then you are correct.

Thank you for all you have done to help support our students and learning community through these interesting times. I look forward to finishing strong together and preparing for a great new start next school year.

Sincerely,
Scott Lincoln, Principal
